Griff Lynch, Executive Director, Georgia Ports Authority*

8:45 a.m. – 10:15 a.m.
Oglethorpe Ballroom

Panel I: Engineering Solutions to Your Container Handling Equipment Obstacles

This panel will discuss current trends and technology solutions to container handling equipment problems such as enhancements to help with concerns of higher cranes, when you should upgrade versus buying a newer crane, how to plan for obsolescence, how to keep it running after a purchase, including how to keep it running without support from the OEM, how to estimate total cost of ownership, what should you include in your inventory to support your operation, and more.

Speakers:

*Paul Harkness, Director of Crane Maintenance and Repair, Georgia Ports Authority
Rich Philips, Principle, Casper, Philips & Associates
Simo Mustalammi, Director, BL STS, Konecranes*

Moderator:

Chris Novack, Senior Director of Engineering & Facilities Maintenance, Georgia Ports Authority, and Chairman, AAPA Facilities Engineering Committee

10:15 a.m. – 10:45 a.m.
